SUSTAINING MEMBERS

The North West Chapter acknowledges its appreciation of the interest and support shown by the following sustaining members:

Minneapolis
Johnston Manufacturing Co.
Mahr Manufacturing Company
Minneapolis Electric Steel Castings Co.
Mnneapolis-Honeywell Regulator Co.
Western Alloysed Steel Casting Co.

St. Paul
Auto Engine Works, Inc.
Edw. E. Johnson, Inc.
W. E. Mowry Company
Superior Metal Products Co.

F. Lloyd Woodside
Climax Molybdenum Company
DETROIT, MICHIGAN

WILL SPEAK ON

"THE HEAT TREATMENT OF
MOLYBDENUM HIGH SPEED STEELS"

MONDAY, OCTOBER 13, 1941

IN THE

COFFMAN MEMORIAL UNION
UNIVERSITY OF MINNESOTA

Dinner 6:30
Technical Session 7:45

Rooms 351 and 352
Men's Lounge, Second Floor

Mr. Woodside will discuss the development of molybdenum high speed steels, showing how heat treating problems originated and O. P. M. recommendations for treating them. His talk will include slides illustrating tools actually in production.

Mr. Woodside has had a broad and varied experience in this important field of industry. During the last five years he has been with the Climax Molybdenum Company engaged in the development of molybdenum high speed steels.

Dinner 75 cents. Reservation card is enclosed.
